

system don't go to jail basically because they are following the law. So, what we are saying in there by adding the word criminal is simply this. Any Nebraska bank, these people that are complying with the Nebraska law won't be held liable in any criminal action, I think that is already a part of the law but we just want to make sure. This is, as I say a pretty serious matter here. They are trying to set up a net system under Nebraska law and they have something from the Justice Department saying that we don't like the way you are doing things and Justice has said whether they are going to do anything or not in Washington, but we want to clear it up. So, this would add the word "criminal" just to clear it up and then it would be a Constitutional bill. That is about all. Any other members of the Banking Committee, maybe Senator Duis would want to deal with this a little further, feel free too.

PRESIDENT: Senator Duis.

SENATOR DUIS: Mr. President, members of the Legislature. It is necessary to put the word in there. The only thing that the bankers were concerned about with the law that we passed on their net system was that they would not be brought into court on a criminal action. They are not concerned about a civil action, and the only thing that has occurred there is that they have asked for advice from the Justice Department as to the fact that it may be in the realm of being anti-trust and they don't want to get involved in anything through our law that would cause them too....to a criminal action. They are not concerned about the civil action, so I would suggest that we bring it back and I would second the motion to move this back to Select File for a specific amendment.

SENATOR DE CAMP: I have no closing.

PRESIDENT: Alright, question is shall the bill be returned for the specific amendment. Record your vote. Record.

CLERK: 32 ayes, 0 nays on the motion to return.

PRESIDENT: The bill is returned. It is our practice now to wait and go until we go to Select File, but the Clerk has suggested with the...because of Emory's problems and because we are on an expedite schedule that we should do it immediately. So....

SENATOR DE CAMP: I move to suspend the rules and do it immediately.

PRESIDENT: No, don't suspend the rules....

SENATOR DE CAMP: Move that we ask the Speaker to change his order.

PRESIDENT: Well we will just...is there an objection to leaving Final Reading and going to Select File? Seeing now we are now on Select File.

SENATOR DE CAMP: Move the adoption of the amendment. I already explained it.

PRESIDENT: All right. Any discussion? The question is the adoption of Senator DeCamp's amendment. Record your vote. Have you all voted? Record.
